

SUMMARY

Experienced software engineer with a Bachelor of Technology (BTech) degree and 2 years of hands-on experience in the field. Skilled in developing and implementing software solutions, with a strong passion for coding and problem solving. Passionate to learn new technologies and to excel innovative technology application

PROFESSIONAL EXPERIENCE

Software Engineer at Tekion Private Limited, Chennai — Mar, 2024 - Current

- Developed automated scripts to streamline common tasks and minimize manual efforts.
- Created REST APIs and implemented authentication protocols like WS and Pusher to securely expose data to clients.
- Developed and maintained software using multiple programming languages, including React and React Native, employing unit testing methodologies.

Associate Software Engineer at Tekion Private Limited — Nov, 2022 - Mar, 2024

- Played a pivotal role in various development projects using advanced React and React Native methods, boosting overall product income by 60%.
- Collaborated with project managers to formulate and implement strategies for cost savings and resource optimization.
- Initiated Jest and Cypress methodologies to enhance deliverables quality, significantly reducing bugs and shortening development and testing times.
- Developed React Native mobile apps featuring an advertising platform for streamlined customer product use.

Associate Trainee at Shiash Info Solutions — Jul, 2022 - Oct, 2022

- Developed and maintained software using multiple programming languages, including Java, Python, and JavaScript.
- Designed and delivered a scalable, high-availability web application with minimal downtime.
- Implemented microservices architecture, enhancing system modularity and reducing dependencies between components.

PROJECTS

Yelp-camp — Jul, 2022 - Oct, 2024

- A Master Project that was hosted and received significant user response, reaching 100k users within a short span.
- Description: A project based on the yelp-camp model for listing camping sites and reviews.
- Technologies Used: JavaScript, HTML5, CSS, Bootstrap, Node.js, Mongoose, MongoDB.

Discussion Forum Page — May, 2022 - Jun, 2022

- Created a forum page for user discussions (Personal Project).
- Facilitated opinion sharing in various technology domains.
- Technologies Used: Basics functionalities of React.js, Node.js, MongoDB, HTML, CSS.

Access a file using three step authentication — Mar, 2021 - Jun, 2021

- Used to secure highly confidential documents within an organization.
- Implemented three levels of authentication with efficient API response times within 300ms.
- Technologies Used: HTML, CSS, Python, MySQL.

SKILLS

Front End Development

- HTML,HTML5
- CSS,SCSS
- React
- React Native
- Node.js

Programming Languages

- C++
- Java
- JavaScript
- Python
- Go lang

Database Management

- SQL
- MySQL
- MongoDB
- PHPMyAdmin

Testing Tools

- Cypress
- Jest,Jest enzyme

Tools and Technologies

- Git
- Docker
- Webpack

EDUCATION

Bachelor of Technology in Information Technology from College of Engineering Guindy, Anna University — Aug, 2018 - Jul, 2022

Graduated with 7.5 cgpa

HSC from SRV Boys Higherr Sec School — Jun, 2016 - Apr, 2018

Graduated with 85.3%

SSLC from Adhiyaman Matric Higher Secondary School — Jun, 2015 - Apr, 2016

Graduated with 97.8%
